Memorandum of Understanding

between

Genetic Engineering Institute for Postgraduate Studies, University of Baghdad, Iraq
and
the University of Szczecin, Poland

The Genetic Engineering Institute for postgraduate Studies, Baghdad University (hereinafter called GEI) and the University of Szczecin (hereinafter called US) establish hereby a formal understanding of cooperation and friendship which is intended to further the academic objectives of each institution and to promote better understanding between the GEI and students of GEI and the faculty and students of US.

Cooperation shall be carried out, subject of availability of funds and the approval of the competent authorities of GEI and US, through such activities or programmes as:

1. Exchange of faculty members.
2. Exchange of students.
3. Joint research activities.
4. Participation in seminars and academic meetings.
5. Exchange of academic materials and other information.
7. Exchange of administrative managers / coordinators.
8. Joint cultural programmes.

Terms of such mutual cooperation and necessary budget for each specific programme and activity that is implemented under the terms of this MOU shall be mutually discusses and agreed upon in writing by both parties prior to the initiation of the particular programme or activity and the terms of such programme shall be negotiated on an annual basis.

Areas of cooperation include, subject to mutual consent, any programme offered at either university as felt desirable and feasible on either side and that both sides feel can contribute to the fostering and development of the cooperative relationship between the two universities.

The MOU will be executed in English Language.
